Check in/NPIP/State Inspection

Check in for birds will be on Friday evening from 4PM – 8PM and on Saturday from 6AM – 8:45AM. Egg Show check in will be on Saturday from 9AM – 10AM. State Inspectors will be on-site for blood testing during bird check in. No birds will be allowed in the arena without being blood tested or the presentation of current and valid NPIP documentation. If you have an NPIP certified flock, you must bring documentation of testing (NPIP card or testing documents) with you, or your birds will need to be tested by the State Inspectors at check in prior to admission to the show. No exceptions. (*Note: this does not apply to waterfowl*)

If you are bringing birds from outside of the State of Florida, you will need to obtain a Prior Permission Number/Import Permit from the Florida Department of Agriculture and Consumer Services prior to entering the state.

There is now an online form which you may use to request the number and the permit. This form may be found at: <https://www.freshfromflorida.com/Business-Services/Animals/Animal-Movement/Poultry-Movement-Requirements/Poultry-Import-Permit-Request> . When completing this form, you may use “2020 Orange Blossom Special” as the Consignee Name, the show location (on the cover of this catalog) as the Consignee Physical Address, and our contact information above as the Consignee Phone and Email. The Consignee County is Gilchrist.

You may also contact the Florida Department of Agriculture and Consumer Services by calling (850) 410-0900 or by sending an email to AnimalPermits@FreshFromFlorida.com. Please contact them first if you are having difficulty using the form or if you have any questions about this process. Contact us if you are still having difficulty obtaining these items after you have called the State.

It is recommended that exhibitors arrive early (either Friday Afternoon/Evening between 4PM and 8PM or beginning at 6AM on Saturday) if your birds need to be tested. Please do not wait until right before check in closes to have this done.

Failure to check in with the state inspectors AND the show secretary prior to bringing birds into the arena may result in disqualification from the show. Anyone bringing a bird onto the show grounds, even if they are for sale and not being entered in the show, must follow the bio-security rules listed on the rules page.

**Any birds showing any signs of illness will be promptly removed from the Showroom.
No Exceptions.**

A group of three (3) eggs shall be entered per entry. These eggs shall be judged externally based on color, shape, shell texture, freshness, bloom, appearance, matching and uniformity. The eggs shall also be judged internally (one egg shall be broken) based on yolk, albumen, chalazae, and airspace.

When entering, please mark on the entry form the egg class: Large Eggs, Bantam Eggs, Waterfowl Eggs, or Non-Standard Eggs (this includes mixed breeds, birds of unknown ancestry and birds outside of the APA Standard of Perfection). If the breed and color are known, they should also be noted on the entry form.

Painted Egg Section

A single egg shall be entered per entry. The egg size must be noted on the entry form (Chicken, Goose, Duck, Guinea or Turkey). The Painted Egg Standard is as follows:

1. Entry must be hard-boiled or blown.
2. Egg to be painted or inked.
3. No decoration may be applied.
4. Some type of upright support is recommended for display.
5. Egg MUST be painted or inked by the exhibitor.

Decorated Egg Section

A single egg shall be entered per entry. The egg size must be noted on the entry form (Chicken, Goose, Duck, Guinea or Turkey). The Decorated Egg Standard is as follows:
