Have you maybe been interested in showing your poultry at the state fairs or club shows, but weren't sure what you needed to do and know? Well, here's the chance to learn and become involved! It's fun, it's free, and you can win prizes.

Central Maine Bird Fanciers is a club that not only sponsors shows, but provides poultry educational opportunities for everyone. We'd like to see more young people become involved in successful poultry raising and exhibiting. This basket show will give everyone a chance to have some fun competition AND learn at the same time.

Licensed APA/ABA Judge Erik Nelson and ABA Judge Linda Blackman will be on hand to not only evaluate birds, but share information and answer questions. All you have to do is bring the bird/birds and be ready to learn! You can show up as early as 9 a.m. if you need help with identifying your birds to know how to enter them. Just make sure that your birds have been Pullorum tested (bring your test papers with you), are nice and clean, and free of any disease or vermin.

Central Maine Bird Fanciers will be holding their Spring Show on May 27<sup>th</sup>. There will be entry forms available at this basket show for anyone interested. You'll be able to put your new-found knowledge right to work and get ready for fair season!
