Show Room Courtesy:

Please help us when it comes time to leave by removing all water cups and coop tags from your cages, and close the doors. At any show you attend, this little bit of help saves the show personnel time and lets them leave sooner. This is one way you can say thanks to the show personnel who organized the show for you to attend. Better yet, why not pitch in and fold down a few cages? If every exhibitor took down and folded even one or two cages, it would cut clean up time immensely. Remember, there are fewer and fewer people willing to help with the show every year. Rewards are few, and work is much. Why not do your part to help the fancy?
